DISCOVERY | A PERSONAL JOURNEY

Annette Spinks' first major solo exhibition includes 15 large-scale artworks created over the past 18 months, which are inspired by her own personal experiences.

These are explorative abstracts of memory and retrospection. Each artwork is a reflection of Annette's personal journey of discovery:
both as an artist and an individual.

Whilst each painting is bright, bold and unabashed, it is also a representation of intimate introspection – creating a narrative of journeying forward with a renewed sense of optimism and discovery.
